ACCOMPLISHMENTS

To view my portfolio (currently re-writing in react) please see here: https://www.bnewman.dev/

Highly committed and passionate web developer with a knack for quickly learning new technologies. Works excellently within teams of both developers and other professionals. Looking for a position where attributes such as hard work and discipline are recognised.

EXPERIENCE

July 2019 to September 2020
Clerical Officer *Hampshire Hospitals NHS Foundation Trust*, Winchester, Hampshire
- Gained experience in the handling of confidential information
- Worked extensively with spreadsheets and wrote several scripts to speed up workflow
- Developed a workflow to optimize the screening and auditing processes of the department
- Gained experience in teaching colleagues how to use productivity tools to optimise workflow
- Developed a disciplined work ethic
- I found that working to help people in the public sector extremely rewarding

November 2018 to July 2019
Catering Assistant *Hampshire Hospitals NHS Foundation Trust*, Winchester, Hampshire
- I learnt to work effectively in stressful time-sensitive environments
- I developed my communication skills

March 2017 to July 2018
Volunteer Teaching Assistant *Pilgrims' School*, Winchester, Hampshire
- I assisted in Design and Technology classes once a week
- I learnt how to teach the students how to fix their own problems and improve themselves
- I learnt the importance of good planning and teamwork

EDUCATION

2024
Bachelor of Science Computer Science
Southampton Solent University, Southampton

2020
A-Levels Mathematics, Chemistry, Biology
Peter Symonds College, Winchester
